Re: Fuji Clean Advanced Wastewater Pretreatment System

Dear Mr. Samuelson,

This correspondence is in response to the March 3, 2015, July 10, 2015, July 23, 2015 and August 9 & 10, 2015 submittals to the Department from you regarding the inclusion of Fuji Clean USA, LLC as an applicable manufacturer under New Jersey's rules at N.J.A.C. 7:9A-8.3 of advanced wastewater pretreatment components. The submittals, which were specific to the use of your Fuji Clean CE 5, 7 and 10 model and CEN 5, 7 and 10 model aerobic treatment systems in the State of New Jersey, meet the requirements of N.J.A.C. 7:9A-8.3(a). After reviewing those submittals, the Department will be processing your request to list Fuji Clean USA, LLC to the list of applicable manufacturers, available on the Department's website, for your NSF Standard 40 and 245 CE 5, 7 and 10 model and CEN 5, 7 and 10 model aerobic treatment systems.

If you have any further questions, please contact me or Mark Miller of my staff at (609) 633-7021.

Sincerely,

Eleanor Krukowski, P.G., Supervisor  
Onsite Wastewater Treatment Systems Unit  
Bureau of Nonpoint Pollution Control
