

CERTIFICATION

By virtue of the appropriate execution of this document, as is further evidenced by the signature ascribed hereupon in behalf of Fuji Clean USA, LLC, hereafter referred to as “Manufacturer,” this is to attest to the following:

- That the Manufacturer is in possession of a current, valid *License for the Manufacture, Marketing, and Sale of Individual Mechanical Sewerage Treatment Systems in the State of Louisiana* – said *License* applicable to certain residential wastewater treatment system(s) products manufactured, marketed, sold, installed and maintained in Louisiana.
- That for purpose of continued *licensure* for such similar manufacturing, marketing and sales activities in Louisiana, the Manufacturer acknowledges an obligation to conduct all pertinent, related business activities in such manner and by such means as to be considered reasonably consistent with those applicable provisions of Louisiana Sanitary Code, as are further acknowledged to be governing, as may apply to those considerations made by *Louisiana Department of Health/Office of Public Health (LDH/OPH)* for purpose of administrative consideration with respect to re-issuance of a valid *License* to the Manufacturer for an appropriate period, upon expiration of the current, valid *License*, as will occur on January 31, 2025.
- That for the purpose of any *re-issuance* consideration being made by the above noted administrative authority, i.e., LDH/OPH, the Manufacturer hereby acknowledges and advised that, to the best of its knowledge, intentions, and actions it has complied with all of those applicable provisions of Louisiana Sanitary Code, and more specifically those pertinent provisions of said *Code* as are detailed in *Part XIII (Sewage Disposal)*, as is currently in force and promulgated.
